

GRANDMA SuddSlee*

is an old row house located in a nice-sized town. Her appearance is aged, but her lively spirits have stayed alive like a 10-year-old heart does, still playful.

Her Playful Perspective

is to get more pleasure out of everything, so

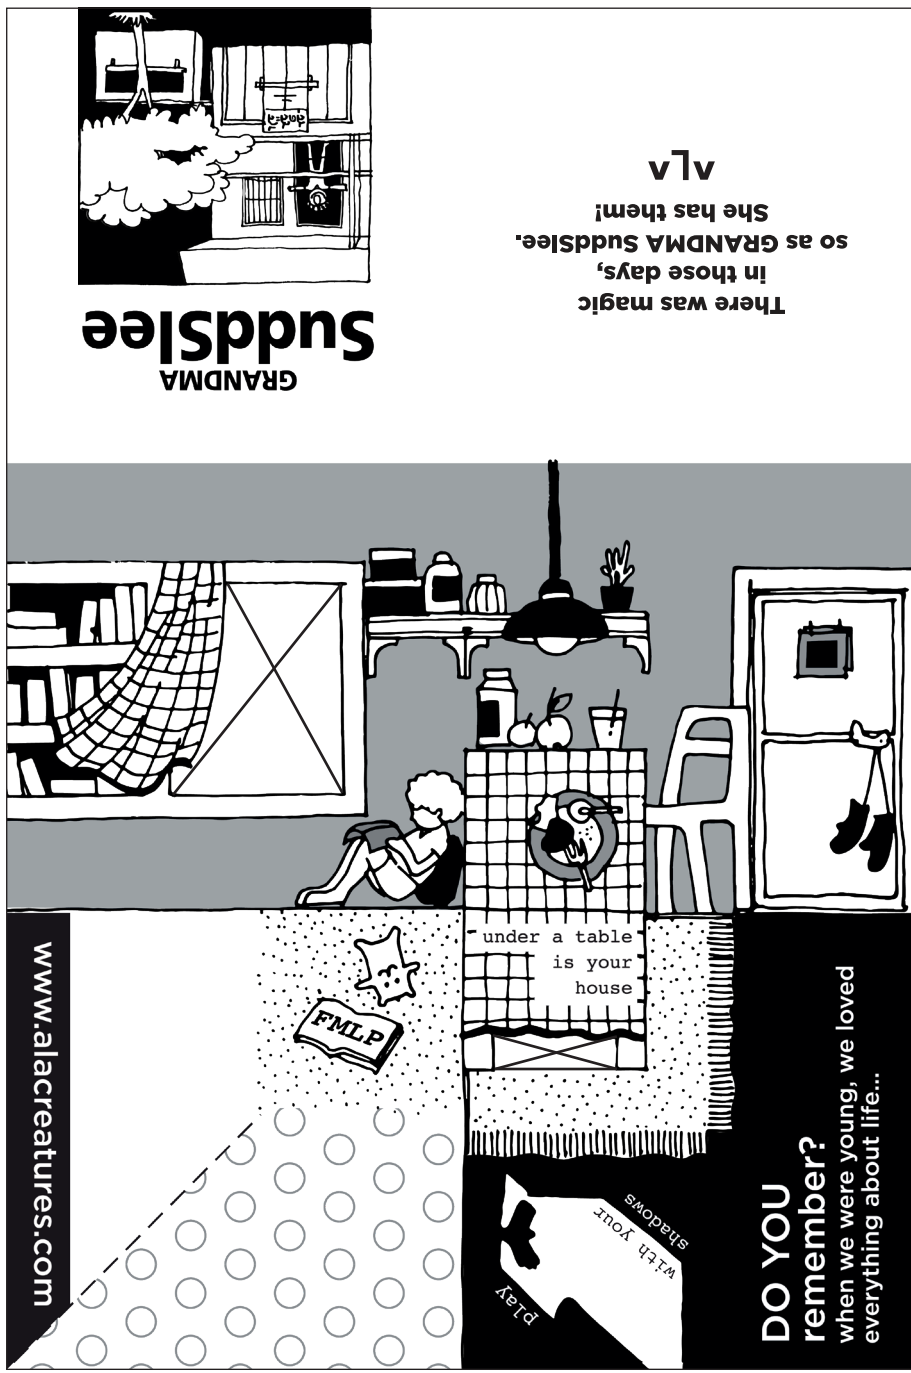

GRANDMA SuddSlee is happy easily. **Her Playful Pattern** is to turn ordinaries into the extraordinary, so she is often cheerful. And her way to **LIVE-LIKE-PLAY** is full of unconditional joys.
 LOOK, GRANDMA Suddslee's outer structure seems fragile and dull, doesn't she?
 Let us all come in!

DO YOU remember?
when we were young, we loved
everything about life...

and maybe
a blanket
makes
you look
spooky!
